

Event to focus on Goodridge School needs

by Tomas Loberg
Goodridge superintendent

Thanks to the continued work and cooperation of our school community, district residents and School Board, Goodridge School District's long-range facilities plan continues to progress.

In order for us to gather additional feedback about facility options to meet

o u r school's needs, community members are

invited to attend an ice cream social Wednesday, June 21 from 7 to 9 p.m. at the Goodridge Community Center. During this time, residents can visit various stations that highlight different components of the district's long-range planning process. These stations include information about potential facility options, listening session results, potential tax impact, results from the district's
