

July 28, 2023

Tomas Loberg, Superintendent
Goodridge Public School District, ISD #0561-01
201 Osmund Avenue
Goodridge, MN 56725-0195

Dear Superintendent Loberg:

Minnesota Statutes, section 123B.71, requires a review and comment statement on the educational and economic advisability of your proposed school construction project. Information supplied by your school district and from Minnesota Department of Education sources is the basis of this review and comment. With this positive review and comment, voter and school board approval is required for Goodridge Public School District, Independent School District #0561-01, to proceed with the proposed projects.

The district shall publish a summary of the review and comment statement (the final page) in the legal newspaper of the district at least 48 days, but not more than 60 days, prior to holding a referendum for bonds or soliciting any bids for the construction, expansion, or remodeling of an educational facility. The department may request a statement certifying the publication, and require the submission, review, and approval of preliminary and final construction plans.

Minnesota Statutes, section 123B.71, requires the commissioner to include comments from residents of the school district in the review and comment. As of the date of this letter, no public comments have been received. In addition, Minnesota Statutes, section 123B.71, ***requires the school board hold a public meeting to discuss the review and comment prior to the date of the bond referendum election.***

Minnesota Statutes, section 123B.71, ***requires that a school district, prior to occupying a new or renovated facility after July 1, 2002, must submit a certification prepared by a system inspector to the commissioner and the building code official that will provide an occupancy permit.*** The certification must verify that the facility's installed or modified heating, ventilation, and air conditioning system operates according to design specifications and code, a system for monitoring outdoor airflow and total airflow of ventilation systems has been installed, and any installed or modified heating, ventilation, or air conditioning system provides an indoor air quality filtration system that meets ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers) Standard 52.1.

If you have any questions, please contact Chris Kubesh, Education Finance specialist, at 651-582-8319 or chris.kubesh@state.mn.us. Thank you for working with us to improve school facilities for Minnesota students.

Sincerely,

A handwritten signature in black ink, appearing to read 'Willie L. Jett II'.

Willie L. Jett II
Commissioner

Review and Comment on the School Construction
Proposal of Goodridge Public School District, ISD #0561-01**

A review and comment must be provided on a school district construction project proposal before the district conducts a referendum, solicits bids, or issues bonds for the project. A project proposal has been submitted for review and comment according to requirements set forth in Minnesota Statutes, section 123B.71, subdivisions 9 and 10, and Minnesota Statutes, section 123B.72. The district provides the following information:

1. The geographic area and population to be served:
 - a. preschool through grade 12 student enrollment for the past five years, and
 - b. student enrollment projections for the next five years.
2. A list of existing school facilities:
 - a. by year constructed,
 - b. their uses, and
 - c. an assessment of the extent to which alternate facilities are available within school district boundaries and in adjacent school districts.
3. A list of specific deficiencies of the facility:
 - a. demonstrating the need for a new or renovated facility to be provided,
 - b. the process used to determine the deficiencies,
 - c. a list of those deficiencies that will and will not be addressed by the proposed projects,
 - d. a list of specific benefits that the new or renovated facility will provide to students, teachers, and community users served by the facility.
4. A description of the project, including:
 - a. specifications of site and outdoor space acreage,
 - b. square footage allocations for classrooms, laboratories and support spaces,
 - c. estimated expenditures for major portions of the project,
 - d. estimated changes in facility operating costs, and
 - e. dates the project will begin and be completed.
5. A specification of the source of project financing, including:
 - a. applicable statutory citations,
 - b. the scheduled date for a bond issue or school board action,
 - c. a schedule of payments, including debt service equalization aid, and
 - d. the effect of a bond issue on local property taxes by property class and valuation.
6. Documentation obligating the school district and contractors to comply with the following items:
 - a. Minnesota Statutes, section 471.345 governing municipal contracts,
 - b. sustainable design,
 - c. school facility commissioning under Minnesota Statutes, section 123B.72, certifying the plans and designs for heating, ventilating, air conditioning and air filtration for an extensively renovated or new facility meet or exceed current code standards, including ASHRAE air filtration Standard 52.1,
 - d. American National Standards Institute (ANSI) acoustical performance criteria, design requirements and guidelines for schools on maximum background noise levels and reverberation times,
 - e. state fire code,
 - f. chapter 326B governing building codes, and
 - g. consultation with affected government units about the impact of the project on utilities, roads, sewers, sidewalks, retention ponds, school bus and automobile traffic, access to mass transit and safe access for pedestrians and cyclists.

Description of Proposed School Construction Project

Goodridge Public School District, ISD #0561-01 is proposing a single question bond referendum on November 7, 2023 that would authorize \$21.35 million in bonding authority to finance upgrades to their existing PK-12 facility. Most of the proposed projects focus on building additions, including: 6 classrooms, a gymnasium with ancillary spaces, a secure entry vestibule and CTE space. The ancillary space to the gymnasium includes: locker rooms, a weight room, concessions and a commons area. Other proposed projects include HVAC upgrades and building-wide renovations.

The projects would be scheduled for completion in calendar years 2025 and 2026. Cost estimates by project component are as follows:

Project Cost Estimates			
<u>Building Additions</u>		<u>Other Project Costs</u>	
Classrooms	\$4,427,500	HVAC Upgrades	\$1,763,085
Gymnasium	\$2,836,500	Renovations	\$2,925,150
Secure Entry Vestibule	\$288,750	Fees, Permits & Testing	\$4,364,731
Locker Rooms	\$1,216,250	FF&E / Technology	\$150,000
Commons Area	\$761,250	Contingencies	\$1,186,637
Weight Room	\$576,600	Bond Issuance	\$328,547
CTE Space	\$525,000		\$10,718,150
	\$10,631,850		
		Total Project Costs	\$21,350,000

The district is expecting some enrollment growth and projects a 4.9% increase in students over the next ten years. The district gains a significant number of students via open enrollment. For the 2022-23 school year, 115 students open enrolled into the district and 22 resident students open enrolled out to neighboring school districts. Roughly 44% of the students served by the district during the 2022-23 school year were open enrollees; mostly (84) from Thief River Falls.

The district has supplied cost estimates to operate and staff the additional building space and it appears existing revenues will be sufficient to fund the associated operational cost increases. The proposed projects appear to be in the long-term interest of the school district.

Review and Comment Statement

Based on the department's analysis of the school district's required documentation and other pertinent information from sources of the Minnesota Department of Education, the Commissioner of Education provides a positive review and comment.

Additional Information is Available

Persons desiring additional information regarding this proposal should contact the school district superintendent's office.

Willie L. Jett II
Commissioner
